ALEXIS BONZI

JUNIOR FULLSTACK DEVELOPER

✉ contact@xraww.fr 🌐 Web portfolio: xraww.fr

I'm a french full-stack developer passionate about building visually appealing and highly functional web applications. I thrive on solving complex problems, continuously learning new technologies, and delivering high-quality solutions that meet user needs. Always eager to take on new challenges, collaborate effectively.

EDUCATION

Programming Foundations (Lua / Game Modding)

Self-taught: 2018 - 2022

Started programming at 13 by creating custom scripts and game modes for GTA V with Lua. Gained strong foundations in problem-solving, code structure, and real-time applications.

Web Development

Self-taught: 2023 - Now

Self-taught through official documentation, tutorials, and real-world projects. Specialized in React, Next.js, TypeScript, and Tailwind CSS.

SKILLS

- React, Next.js, Typescript, Tailwind CSS

- Node.js, Prisma, PostgreSQL, MongoDB, MySQL, APIs REST

- Git / GitHub, Postman, Vercel, Claude code, Lua

WORK EXPERIENCE

Script Developer (Lua)
Self-Employed, 2018 - 2022

Designed and sold custom scripts and new game modes on the FiveM platform (GTA V modding). Strengthened skills in programming logic, real-time systems, and client/server communication.

Freelance Fullstack Developer
Benji Sneak, 2025

Developed a web application to manage a sneakers collection, including an admin panel for a reseller.

Freelance Fullstack Developer
Conciergerie de l'Uzège, 2025

Developed a website for a concierge service business.
